What IS a fantasy trip?

When you can't take students out of the classroom, take a virtual trip! A fantasy trip can work at any proficiency level and for any language. It is a role play/simulation in which students act out different scenarios relating to travel in the target culture.

Fantasy trips can include trips to...

- ✈ neighborhoods, cities, countries, regions
- ✈ biomes (e.g., tropical rainforest, the sahel)
- ✈ stores and businesses
- ✈ markets and restaurants
- ✈ museums and galleries
- ✈ concerts and shows

What you will need for your “trip” → Realia (Objects from real life of the target language/culture).
